Simon's Fund is a 501(c)(3) organization that is dedicated to raising awareness about the conditions that lead to sudden cardiac arrest and death in children. Simon's Fund provides free heart screenings to students, advocates for life-saving legislation, and promotes research.

— — — — **YOU'RE INVITED** — — — —

Please join us as we celebrate more than a decade of raising awareness about sudden cardiac arrest and death in children.

For the past ten years, you have encouraged and enabled us to pursue our mission and get closer to achieving our goals.

We provided free heart screenings to 14,000 students; helped pass life-saving legislation in eleven states; produced the most widely watched coaches video on sudden cardiac arrest; developed a first-of-its-kind digital registry called HeartBytes; and launched a new crowdfunding site, GotAED.

Join us on February 4, so that together, we can check hearts and save lives.

BIG HEART AWARDS

Jennifer Yanowitz

Jennifer Yanowitz heard about the near-death experience of a friend's child. She decided that a heart screening was needed in her town. What came next was inspiring. She booked a location, recruited medical professionals, coordinated with the school district, secured volunteers and oversold the appointments. Jennifer took

on the role of host family and screening organizer (our job). It never happens this way. We are in awe of her effort.

Brandon Cohen

Brandon Cohen is a Junior at Plymouth Whitmarsh High School. Four years ago, he organized a chess tournament to raise money for Simon's Fund. This year, he launched an Ambassador Program by recruiting five students from area schools to help raise awareness. His commitment and initiative deserve to be celebrated.

Our auction is pretty amazing and you don't have to be present to partake. Bid on your smartphone. Register on the auction site. We'll send you a text message to get started. Warning. It's addictive!
