

SIMON'S Heart

Student Ambassador Program

Mission Statement

To raise awareness about sudden cardiac arrest among students while promoting volunteerism for Simon's Heart through a network of student ambassadors.

Background

Simon's Heart was founded in 2005, following the sudden and unexpected death of Simon Sudman, a seemingly healthy three-month old. The Sudman family started providing free heart screenings to students; promoting life-saving legislation to protect student athletes; creating award-winning awareness campaigns; and developing technology to promote research.

Who you are

You are a changemaker. You may be personally connected to sudden cardiac arrest, have a heart condition yourself, or just moved by the mission of Simon's Heart. You are enthusiastic, passionate, and dedicated. As an ambassador, you will be the chief advocate of Simon's Heart at your school. You will encourage your peers to volunteer for and participate in the cause by identifying groups and/or individuals on campus who are seeking an opportunity to get involved and create an impact.

Commitment

You are encouraged to be an ambassador for two years. However, a one-year term is acceptable on a case-by-case basis. Prior to the expiration of your term, you are expected to find a qualified replacement. Attend bi-monthly meetings (online, phone, in-person).

What you'll do

This program is designed to give you skills that will enhance your future path. You are destined to do great things and we want to help build you up! By the end of this program you will have gained a skillset in the following areas:

Professional Development | Fundraising | Community Outreach
Leadership | Event Management | Advocacy

Heart Screenings | Volunteer at heart screenings. Get your heart checked if you have not.

CPR Jukebox | Identify and run at least one CPR Jukebox event as a group.

Simon's Soiree | Assist with preparation leading up to and night of the event.

Fundraising | Individually raise \$1,000 and \$15,000 as a group.

Perks

CPR and AED certification

Invitation to Simon's Soiree

End of the year celebration

Incredible opportunity to enhance your resume and college applications
